Introduction

“Every iconic innovation begins with a single discovery. Tonight, that discovery becomes an experience."

Welcome to the unveiling of L'Oréal Paris' newest collection, where beauty meets the precision of science. Behind every product lies years of research, advanced technology, and a relentless commitment to creating beauty that is both effective and empowering. Women asked for volume and L'ORÉAL PARIS delivered their Elvive Collagen Lifter collection which achieves the same results of a salon blowout at home with ease.

This is more than the launch of a new collection. It is a celebration of curiosity, innovation, and the belief that the future of beauty is built one discovery at a time.
Welcome to the L'Oréal Paris Science Lab, where every breakthrough brings us one step closer to redefining beauty.

Invitations

L'ORÉAL
PARIS

Guests will receive invitations through whatsapp with the exclusive venue and QR code.

Concept

Inspired by the world of scientific innovation, the L'ORÉAL PARIS ELVIVE Collagen Lifter launch transforms the venue into an immersive beauty laboratory, celebrating the research behind visibly fuller, lifted hair. Through interactive experiences, live hair demonstrations, and science-inspired installations, guests discover how cutting-edge technology and collagen peptides come together to deliver volume that is Backed by Science.

Made for Volume. 🧬

WELCOME TO THE FUTURE OF BIG HAIR

Formula Lab

“Where science meets volume.” Explore the formula lab and discover the breakthrough ingredients behind Elvive Collagen Lifter. Through interactive displays and premium laboratory inspired elements, guests experience the innovation that transforms everyday hair into visibly fuller hair.

Hair Analysis Lab

Ready to decode your hair? Step into the Hair Analysis Lab for a fun, personalized hair check-up! Discover your hair's unique profile, uncover what it needs to achieve bigger, bouncier volume, and receive expert recommendations tailored just for you. Because every Big Hair Day starts with knowing your strands.

Volume Experiment

Become the scientist and the subject. Discover how our collagen peptide formula lifts every strand, transforming flat hair into fuller, bouncier volume before your eyes.

Elvive Styling Lab

Your Big Hair Day starts here. Take a seat, style it up, and let our experts create your biggest, bounciest, most confidence-boosting look yet.

L'ORÉAL PARIS

Hair Transformations

Catering

- Le Sushi Bar
- Kampai
- Osaka Beirut

Refreshment Bar

A long day calls for cold refreshments so we crafted our signature drinks created specifically to fit the event's theme.

Giveaways & Samples

L'ORÉAL PARIS

Come in with flat hair and leave with fuller hair
